

MEDICAL AESTHETIC TREATMENTS

The way we present ourselves to other people depends on how we feel about ourselves and how confident we are in our own skin. We live in a world that is and always will be appearance based no matter how much we try to ignore it. Medical Aesthetic Treatments will simply enhance what you already have.

Non-surgical cosmetic procedures, such as Botox, Dermal Fillers, Thread Lifts, IV Nutritional Therapy, Chemical Peels, Semi-Permanent Make-Up, are all treatments that can be used to naturally enhance your appearance without the need for surgery.

DR SUSIE HAYTER MB, BS, BSc (Hons), DRCOG

Dr Hayter is a fully qualified General Practitioner who has been working in the field of Aesthetics since 2005. BOTOX

As part of the ageing process and over time, the muscles we use on our face to create facial expressions do not disappear. Botox is a safe & effective anti-ageing treatment that relaxes these muscles by softening the expression lines & making them less obvious. The skin appears more youthful as Botox prevents new wrinkles from developing.

1 Area	£200
2 Areas	£250
3 Areas	£300

Advanced Botox techniques are used to treat the Neck, Tension Migraine & Hyperhidrosis (excessive sweating).

Prices start from £450

DERMAL FILLERS – RESTYLENE & JUVÉDERM

From the age of 35 the amount of Hyaluronic Acid (HA) we possess diminishes & as a subsequence the skin loses its elasticity & volume. **HA is used to restore volume loss, sculpt cheeks & face, soften & erase deeper lines & hydrate the skin.** Areas treated are: lines around mouth, lips, non-surgical nose job, under eye (tear troughs), Chin enhancement & 8 Point Facelift. **Prices are per syringe.**

1 ml of Filler	from £300
2 ml of Filler	from £500
Touch Up/Top Up Filler	from £150
8 Point Facelift	from £550
Pix'I Cannula Tear Trough Filler	from £340

SILHOUETTE SOFT® THREAD LIFTS

A technological innovation offering what no treatment provides through a simple clinic based treatment: **a redefined face, restored volume & reduced wrinkles.** This relatively painless procedure involves the placement of absorbable sutures (threads which stimulates the natural production of collagen), with micro-grips into the lower and mid sections of the face. The skin is drawn carefully backward giving you an immediate natural lift. The results last up to 18 months.

8 Cone	per pair	£500
12 Cone	per pair	£525
16 Cone	per pair	£550

2 Pairs of Threads per treatment is recommended.

IV NUTRITIONAL THERAPY

Over time our modern diet has become increasingly deficient in essential nutrients. Soil depletion, methods, prolonged storage & transportation of food, all affect the quality of its nutritional content. The lack of variety in our food choices has increased our nutritional needs & Intravenous Vitamin Drips (IV) is a means of providing these key essential nutrients. Results are almost instant and Dr Hayter will tailor the treatments to suit you.

Contents of Infusions: Alanine, Arginine, B Complex, Calcium Gluconate, Carnitine (sports performance), Cysteine, Glutamine, Glutathione (potent antioxidant), Glycine, Magnesium Sulphate, Methionine, Ornithine, Proline, Selenium, Taurine, Vit. B5 Dexpanthenol, Vit. B6 Pyroxidine, Vit. B12 Hydroxycobalamin, Vit. C & Zinc.

15 minute push	£150
30 Minute Push	£250

CHEMICAL PEELS

Peels can be used to treat a variety of skin conditions including sun damage, wrinkles, pigmentation, acne, acne scarring and uneven skin tone. Available in light or medium depth, Dr Hayter will advise on the depth of peel and tailor the treatment accordingly.

Per Session £90

DERMAROLLER & DIGITAL SKIN NEEDLING

Dermaroller & Digital Skin Needling (MesoVytal) are both techniques used to stimulate new collagen production. Dermaroller is used to treat common problems such as wrinkles, skin hyperpigmentation, scars (including acne scars), uneven skin & stretch marks. MesoVytal also introduces vitamins and amino acids into the surface of the skin to give immediate results.

1 Session	£250
3 Session (recommended)	£700
MesoVytal	per session £100

SEMI-PERMANENT MAKE UP

Semi-Permanent Make Up, is a technique where top grade pigments are inserted into the dermal layer of the skin to enhance your features and appearance.

REJUVAPEN FRACTIONAL MICRONEEDLING

The Rejuvapen™ creates micro-perforations in the skin which triggers new collagen and elastin production, a natural form of skin renewal from the inside out. It activates cell regeneration and enhances the absorption of active ingredients into the skin. For long lasting dramatic results a course of 4/6 treatments spaced 4 weeks apart is recommended.

- Reduces fine lines & wrinkles.
- Lifts, tightens, firms & rejuvenates the skin.
- Minimises the appearance of pore size.
- Improves appearance of acne scars, surgical scars, other scarring & stretch marks
- Innovative Micro-technology dramatically reduces trauma & pain so minimal downtime.
